

Water Tiger Meditation Card

Welcome Water Tiger,
into my life today.

Let me be guided by your strength,
buoyancy, and wisdom, as I embrace
the power within me.

May I flow with the river, as it carries
me in a spiritual and perceptive calm.
With an open heart and mental agility,
lead me toward a vibrant abundance
that I can share with the world.

2022 Year of the Water Tiger

is the Chinese Zodiac Year
of the Water Tiger
(February 1, 2022 – January 21, 2023)
Water Tiger is the symbol of strength,
power, curiosity, and courage. This
year can be a time of freedom as we
embrace our issues, and live with
integrity and patience.
Like the unyielding flow of water,
we are compelled forward in
a healing and harmonious way.
